Movie series: “Sustainable Truth?”

Heart of Sky, Hearth of Earth is an award-winning documentary about the world view of young indigenous Maya people in Mexico and Guatemala and their resistance towards the destruction of their culture and environment.

Participating: Pernilla Nordwall who worked as a human rights observer in Guatemala for the project ACOGUATE will come and share stories from Guatemala where she accompanied organizations and people who are resisting the huge gold mine Mina Marlin in San Marcos, one of the biggest and most destructive ones in whole Central America.

**All our movie screenings are free of charge
with free fika after the screening!**
