# Movie series: “Sustainable Truth?”

**Ocean Frontiers** Ocean Frontiers gives four examples of a “new approach to conservation” through transdisciplinary groups of pioneers collaborating together to conserve local marine biodiversity and sustainable fisheries for the well-being of larger scale relationships.

**Invited Guest Speaker:** Olof Lindén, Director of Research & PhD Program, Professor, Nippon Chair in Marine Environmental Management will discuss the film from the coastal management point of view. Dr. Linden has worked with the World Bank and several UN-agencies on projects related to marine environmental management.

**All our movie screenings are free of charge  
with free fika after the screening!**
